

All participants
go in the draw for
a prize valued at \$50

Contribute to the future of water management in your area

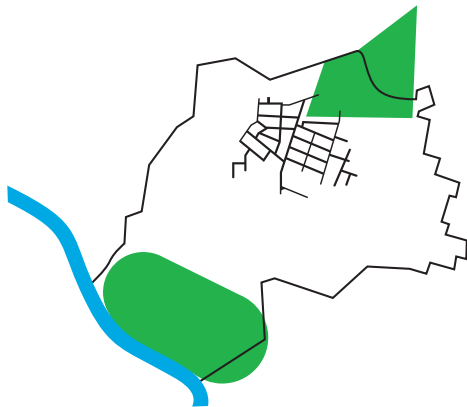

The Cooks River Sustainability Initiative is part of Ashfield Council's commitment to sustainable water management. Council recently conducted a community water survey in the Ashbury project area (known as a subcatchment) - see map below. We received a great response to the survey and are now looking for further community involvement in future water planning for the area.

You are invited to attend Ashbury Subcatchment visioning sessions

Tuesday 28 October 6-9pm, or Wednesday 5 November 6-9pm

Ashbury Senior
Citizen's Centre,
66 Princess Street,
Ashbury.

Catering will be provided.

Ashbury Subcatchment

Come along if you are interested in:

- Protecting the Cooks River
- Planning for a sustainable water future in your area
- Thinking about how water might be managed in your area in 2050
- Building a long term local community water plan

RSVP:

Please contact Sue Pritchard on 9748 9647 or email susan.pritchard@strathfield.nsw.gov.au to book a place.

For more information visit www.ourriver.com.au.

Parking is available at the venue.

Public transport: Bus route 409 goes along nearby Queen St.

Transport can be provided on request.
