

Contribute to the future of water management in your area

The Cooks River Sustainability Initiative is part of Canterbury, Hurstville and Rockdale City Council's commitment to sustainable water management. Councils recently conducted a community water survey in the Upper Wolli Creek project area (known as a subcatchment). We received a great response to the survey and are now looking for further community involvement in future water planning for the area. This area includes Kingsgrove and parts of Bexley North and Beverly Hills.

You are invited to attend the Upper Wolli Creek Subcatchment visioning sessions

Wednesday 25 March 10am-1pm OR Wednesday 1 April 6pm-9pm

Kingsgrove RSL Club
4 Brocklehurst Lane
Kingsgrove

Catering will be provided.

Come along if you are interested in:

- Protecting Wolli Creek and the Cooks River (stormwater from this area drains to the Creek and River)
- Planning for a sustainable water future in your area
- Thinking about how water might be managed in your area in 2050
- Building a long term local community water plan

RSVP:

Please contact the Cooks River Sustainability Initiative on 9748 9646 to book a place. For more information please visit www.ourriver.com.au

Parking is available at the venue.

Public transport: Many bus routes travel along nearby Kingsgrove Road. Kingsgrove Train Station is about a 5 minute walk away.

Transport and child care can be provided on request.
